

EARLY EXPLORERS MONTH

1 - 30 NOVEMBER 2017

The Early Explorer's Month is a programme that targets grade R- grade 2 learners and will take place from 1 – 30 November 2017. The main aim of the programme is to stimulate learner's scientific curiosity and knowledge through experimental learning. The theme for the programme is "Learning by Doing", which emphasizes the importance of play in children development through their involvement in various fun and exciting hands-on activities.
