

Invitation to Participate in Sustainable Energy Week

Date: 04 - 08 September 2017 | Grades: 4 – 12 | Venue: Sci-Bono Discovery Centre

Dear Principal

The Sci-Bono Discovery Centre warmly invites your school to participate in **Sustainable Energy Week** taking place at the centre from **04 - 08 September 2017**.

Sustainable energy is a form of energy that meets the energy needs of today without compromising the ability of future generations to meet their own needs. It is about finding clean sources of energy that renew themselves, rather than sources that can be depleted.

The programme targets learners from Grades 4 to 12 and aims to fulfill the following objectives:

- Create awareness around the need for sustainable energy
- Expose learners to sustainable energy sources & solutions
- Demonstrate how innovations in science and technology can increase the accessibility of clean sustainable energy
- Showcase industry partners & careers in sustainable energy related fields

The duration of the programme is from 09:00 – 13:00

NB: Learners are encouraged to bring their own packed lunch

For reservation, please complete the table below and send through to our Bookings Officers, Ms. Siphokazi Ndzamela at siphokazi.ndzamela@sci-bono.co.za or Ms. Cynthia Sithole at cynthia.sithole@sci-bono.co.za
For further enquiries, contact the bookings office on 011 639 8400.
